# CUSBPWR1A

## USB Charger 1A

This USB charger is the ideal solution for charging most of your devices with a USB connection directly through a power socket. The USB charger can handle voltages from 110 to 240 volt AC and converts them automatically to the 5 volt DC that USB devices use. You can easily charge your USB devices without the need of a PC or notebook. Almost all devices which support charging through USB, like (smart) phones, navigation systems, MP3 players and digital cameras can now be charged easily.

### Highlights

> Charge USB (5V) devices quickly thanks to high output (max. 1000mA)
> Charge your USB device without the need of your PC or notebook
> Small, compact and easy to take along
